NORTH STATE MATTERS

Newsy Items Gleaned From Murphy to Manteo.

Big Bank Suit.

Taylorsville, Special.— Thursday night an action for malicious prosecution was instituted by Dr . J. H. Moore, proprietor of the Moore Cotton Mills, at Lilledoun, N. C., against the First National Bank, of Statesville, N. C., and George H. Brown, cashier of said bank. The damages claimed are $53,000. The action grows out of an attachment proceeding instituted in Statesville last June upon the filing of an affidavit by the cashier, Mr. Brown, of the First National Bank, of that city, against all the property at Liledoun, including the Moore Cotton Mills and the Liledoun Roller Mills and the Hoore Milling Company's property, in Hickory, N. C. The above property is owned by Dr. Moore, who, at that time, was in Cincinnati, O., on business.

Biltmore Estate Leased.

Asheville—Special—The lease of the Biltmore estate preserve by E. B. Moore, manager of Kenilworth Inn, is one of the biggest projects considered in this section for a long while. It may be stated that the sum contemplated in the transaction reaches nearly $2,000,000. The culmination of the project means the lease by Moore from Dr. Schenck, an agent for George W. Vanderbilt, of the entire Pisgah preserve, which contains form 120,000 to 150,000 acres. Senator Gazzum, of Philadelphia, owner of the Kenilworth Inn, as well as Moore, is enthusiastic about the plan. Biltmore estate proper, that is to say the tract of 10,000 acres in which Biltmore house is situated, is not considered in the deal at all, and persons going to and from the Pisgah grounds will probably not pass through the estate. In any event the preserve will be kept up by Mr. Vanderbilt and patrolled by game wardens employed by him.

State Notes.

Chief of Police Scott, of Greensboro, was notified Monday over the 'phone by the Rev. Caesar Johnson, colored, pastor of the Providence Baptist church, at Dublin, a negro suburb of Greensboro, that four cases of shoes, supposed to have been stolen, were lying broken open near the church. The pastor's attention was first directed to the Shoes by one of his Sunday school pupils, who told him of it, in the following faith-like explanation: "Oh, Mr. Johnson, just come here and see what the Lord has provided for you." The chief of police found four boxes broken open, but the shoes were course brogans, and none of them had been carried away. A fifth box, which had evidently contained patent leather shoes, had been completely robbed as only the empty box was left. The shoes were billed to a Winston mercantile firm and had been stolen from a freight car.

Five days ago a burglar entered the vault of Florence Mills store at Forest City, took $2,000, and escaped. Two officers learned that the burglar went to Wright's Ferry, S. C., and hastened there. After watching all night and all day they met their man in the road. They ordered the burglar to hold up his hands but he began firing. His shots went wild. The policemen returned the fire, two shots taking effect. When arrested a part of the company's money and different kinds of explosives were found on the burglar. He refused to give his name. He is probably fatally shot. A later account says he died Tuesday evening at 6 o'clock, at the home of Mr. William Brown, in York County, S. C., one mile from Wright's Ferry, where he was shot while resisting arrest. The man gave his name as F. H. Calvert, but revealed nothing of his past lift.

F. G. Roberts, a native of Wilkes county, is a fugitive from justice from McDowell county, W. Va, charged with the embezzlement of $1,000 school funds. He was a justice of the peace, postmaster and secretary and treasurer of the public school funds of that county, and for many years was prominent in politics. He left North Carolina a dozen years ago.

At Glass, a small station six miles north of Concord, Sunday morning at 9:30 o'clock the engine of the Southern's passenger train No. 39 truck a wagon containing four inmates of the county home of Cabarrus county, and the dead body of Mrs. Kate Lewis. All the occupants of the wagon were killed and the coffin and wagon were splintered into kindling wood.

Booker T. Washington made a strong, practical and sensible address at the Negro State Fair at Raleigh, N. C., last week.

The negor man, Sanfor Thompson, who was found dead by the side of the railroad, near Pelham, on Monday, was buried Tuesday. The jury of inquest at first thought he was killed by a train, but evidence brought out since points to possible murder, and the case was continued to procure further proof of the latter theory.

B. L. Duke, son of the millionaire, Washington Duke, and brother of President Duke, of the American Tobacco Company has created a sensation by bringing suit against his wife, Minnie Duke, who is now in California. Duke's attorney said Tuesday the suit is one to "clear the title" to property. It is expected that the action will result in a divorce suit.

The police of Fayetteville have under arrest John Allen, a negro supposed to be the murderer of Ada Smith colored, at Norfolk on the 11th day of August , for whom $50 reward is offered. The prisoner closely meets the description of the Norfolk negro.

Leave has been granted upon a motion of Attorney General Gilmer to bring suit in Pender county to vacate the charter of the Holly Shelter Railway on the ground that it is not such a common carrier as the law contemplates to exercise the right of eminent domain.

TERRIBLE SUFFERING OF CREW

Lashed to Broken Mast 48 Hours and Without Food or Water.

New York, Special.—After being lashed to a stump of a mast for 48 hours and without fresh water for three days, Captain Gabrielsen and nine of the crew of the water logged schooner, John W. Linnell, have reached this port aboard the Italian ship Gabrielle D'All. Notwithstanding their privations the shipwrecked mariners are not suffering any serious ill effects. The Linnell left Fernandina on October 17th and on the 24th plunged into a terrific gale. Owing to the heavy sea running, Captain Gabrielsen reefed his light sails. The next day the wind blew a hurricane and it was found the schooner was leaking. The wrecking pumps were started, but proved of no avail, and in a short time there was six feet of water in the hold. The big seas had smashed the small boats and ruined the tanks holding the fresh water. The sailors' plight was made more desperate by the fear that the vessel would turn turtle. To prevent this the masts were cut away and the crew lashed themselves to one of the stumps. The vessel was awash with the exception of top of the afterdeck house and the sailors suffered terribly from lack of food and water. The waves broke over them continually. On the 26th the schooner was deeper in the water and the gale continued with undiminished velocity. On the afternoon of the 24th Captain Gabrielsen attracted the attention of the lookout on the Gabrielle D'All, and after a hazardous trip the Linnell's men were transferred from the sinking vessel to the D'All. The Linnell was abandoned in latitude 30.16, longitude 73.21, by dead reckoning, and later was reported by the schooner Advent, which arrived at Vineyard Haven, November 2.

Cotton Crop Falls Off.

Washington, Special.—A bulletin issued by the Census Bureau on the cotton ginned from the growth of the present year up to October 18, places the amount at 3,839,627 commercial bales, as against 5,925,872 bales ginned up to the same date last year. The complete returns on production for 1902 showed that 53.5 per cent. of the total crop had been ginner prior to October 18, of that year, but the percentage of the ginnage prior to October 18 of this year cannot be known until the final report for the year is made. Meantime two other reports will be submitted, on November 18 and December 13. The statistics for the present year were collected by 631 local agents, who found that 27,723 ginneries had been operated prior to October 18, while to the corresponding date last year 29,314 ginneries had been operated. The only comment made in the bulletin on the falling off of this year's production is the following: "In comparing the statistics of the two years due allowance must be made for the different conditions of the two seasons."

The following figures show the production ginned in the various States for the present year up to October 18: Alabama 446,102; Arkansas 129,833; Florida 23,436; Georgia 619,644; Indian Territory 6,823; Kentucky 211; Louisiana 241,000; Mississippi 479,103; Missouri 8,027; North Carolina 232,625; Oklahoma 40,526; South Carolina 414,709; Tennessee 69,748; Texas 1,065,229; Virginia 2,511.

Warships to Panama

Washington, Special.—The Navy Department has received a cablegram from Rear Admiral Glass, commanding the Pacific squadron, announcing the departure of the Marblehead and Wyoming and the collier, Nero, yesterday, from Acapulco, Mexico, for Panama. The squadron is proceeding at full speed.

Body Identified.

Asheville, Special.—The body of a woman mangled by the Southern Railway train near Buena Vista, last night, was identified as that of Miss Kate Ambery, of Trenton, N. J., who had been staying with the family of John A. Roebling, of this city. The young woman left yesterday, saying she was ill. She was not seen alive afterwards.

President Notified.

Washington, Special.—Representatives Livingstone, of Georgia; Tucker, of Virginia, and Rev. Dr. Morrison, comprising a committee from the Presbyterian Church, represented to the President that the treaty rights of missionaries in the Congo Free State were being violated. The President will take the matter up with the State Department.

Circus Opposed By Prayer.

Danville, Va., Special.—It is alleged by those in charge of the Craighead Street Mission that the failure of the Barnum & Bailey circus to perform in this city last week was due to the efficancy of their prayers. All-day services were held at the mission, commencing early in the morning. Prayer was held for several hours in the early morning, the petition being specially that the circus be not allowed to perform. It was not known till late in the forenoon that the circus managers had decided not to give the shaw here, and when the fact was learned there was much rejoicing. It is claimed that the failure of the circus to show was due entirely to the prayers of the mission people.

Daniels Must Hang.

Newbern, Special.—The jury in the Daniel's murder trial at Trenton, came in at 7:30 Saturday night with a verdict of murder in the first degree. They were out 30 minutes. The defence had no witnesses, but asked for a verdict for manslaughter. Judge Moore overruled the motion for a new trial, and notice of appeal to the Supreme Court was given. The judge entenced Daniels to be hanged December 11.

Heavy [illegible] Majority Recorded in New York City

END OF A REMARKABLE CAMPAIGN

Total Net Gains of 103,000—Grout and Flowers Elected, Too—Other Elections.

New York, Special.—George B. McClellan (Democrat) will be the next mayor of Greater New York, having defeated Mayor Seth Low for re-election by a plurality of 63,617, complete unofficial returns have been received from every election district in the city. By the same returns Comptroller Edward M. Grout and Charles W. Fornes, president of the board of aldermen, running for re-election on the Democratic ticket, though elected two years ago as Fusionists, defeated their Fusion opponents by 66,790 and 64,973 plurality, respectively. Comptroller Grout leading the city ticket.

Republicans Carry Nebraska.

Lincoln, Neb., Special.—Based on returns from 115 voting precincts outside of Lancaster county (Lincoln) and Douglas county (Omaha) and Republican State central committee at midnight made the claim of the election of the entire Republican State ticket by not less than 10,000 plurality. This claim is considered conservative, and newspaper returns tend to confirm it. The vote for the 115 precincts in the State gives Barnes (Republican), 9,642; Sullivan (Fusion), 8,192. The same precincts, two years ago, gave the Republican candidate 9,675; Fusion, 8,107, a change so slight that it will require a Fusion landslide from an unexpected quarter to overcome the Republican plurality of 12,000 of two years ago.

Ohio Heavily Republican.

Columbus, Ohio, Special.—The Republicans broke their record in Ohio in pluralities for Governor by electing Myron T. Herrick (Republican) over Mayor Tom L. Johnson (Democrat) by considerably over 100,000. The plurality on joint ballot of over 100, in the Legislature for the re-election of Senator Hanna, more than triples any previous record.

Other Elections.

Boston, Special.—One hundred precincts in Boston gave Gaston, Democrat, 23,233; Bates, Republican, 14,926 a plurality for Gaston of 8,307. Last year the same precincts gave Gaston 22,736; Bates 16,593.

Democrats estimate from these figures that Gaston will carry Boston by 16,000.

Boston, Special.—John L. Bates was re-elected Governor of Massachusetts by a plurality of 35,849 over Col. William A. Gaston, the Democratic candidate. With returns complete from every town and city in the State, the total vote for Governor was: Bates (Republican), 199,393; Gaston (Democrat), 163,544.

Baltimore, Md., Special.—Late returns show that Warfield's majority is growing, and will probably reach 10,000. The Democrats will certainly have 19 Senators to 8 Republicans; in the House 68 Democrats to 33 Republicans; on the joint ballot, 46 majority.

Judge Wilson Shepard Bryan, in an interview, suggests the North Carolina [constitutional amendment as a possibility in Maryland. Plans to eliminate the negro vote are being generally considered.

Albany, N. Y., Special.—Charles H. Gans, Republican, was re-elected mayor of Albany by a plurality considerably larger than that of two years ago, defeating Col. Wm. Gorham Rice, formerly United States civil service commissioner under President Cleveland. The campaign was one of the hottest in recent years, being conducted exclusively on local lines. The entire Republican city ticket is elected.

Providence, R. I., Special—At midnight the returns indicated the re-election of Governor Garvin, Democrat, by a greatly reduced plurality. The vote is very close, however, and the result will probably be in doubt until the last district is heard from. The Republican State central committee claimed that later returns would overcome Garvin's lead at midnight over Col. Colt, Republican.

In Providence, Mayor Miller, Democrat, was re-elected.

Baltimore, Special.—At 1 o'clock Wednesday morning the returns from Baltimore City and the Maryland counties are meagre, owing to the length of the ballot, and, therefore, it is impossible to accurately estimate the result. The indications, however, point to the election of Edward Warfield (Democrat) as overnor over Stevenson A. Williams (Republican) and that the Legislature which will elect a United States Senator will also be Democratic.

Louisville, Ky., Special.—The re-election of Governor John C. W. Beckham, the Democratic candidate, over Col. Morris B. Belknap, Republican, by a majority of fully 15,000, seems assured. The Republicans concede the election of Governor Beckham.

Jackson, Miss., Special.—The vote in the State in Tuesday's election was light. The Democratic ticket was headed by J. K. Vardeman for Governor, who was elected, there being no opposition. The race for clerk of the Supreme Court, in which there are five candidates, is in doubt. The ticket is long, and returns are coming in slowly.

The bow of promise is never seen while we are looking for it.

REPUBLIC RECOGNIZED.

Developments of a Day in the Revolution.

Washington, Special.—The events of the day as they developed here relative to the situation on the isthmus are: Recognition of the de facto government; the receipt of dispatches from Commander Hubbard, of the Nashville; the arrival in Washington of Consul General Gudger, of Panama, and the issuance of orders to Admiral Coghlan to proceed forthwith to the isthmus with the consul general.

Commander Hubbard cabled that the Colombian government troops, under Generals Torras and Toyar, 450 strong, of Colon, had departed on a merchant vessel. He stated that the isthmus, from one side to the other, was in the hands of the revolutionists. This statement is of the greatest importance. The United States government is bound by treaty to maintain order and preserve free traffic across the isthmus, and is also under obligation to prevent any hostile collisions either along the line of the Panama Railway or at the termini, Panama and Colon. Thus the future attitude of the Colombian government towards the new Republic of Panama becomes of little importance, for it is practically impossible for it to go to war with Panama. Officials here familiar with the country declare that it is impossible to move a Colombian army overland to the isthmus, owing to the character of the country. On the other hand, if an attempt is made to bring troops either to Colon or Panama by water, the United States naval officers at those points would interfere. Thus by force of treaty obligations requiring the maintenance of order across the isthmus as a necessary condition to free transit, the United States government practically has been placed in the position of a protector to the new Republic of Panama, and that, too, regardless of any bias on the part of the United States government towards either party to the strife in Colombia.

It was authoritatively stated Friday that, though the recognition of the new republic is of a business character at first, consisting of an authorization through our consular officials on the isthmus to do business with the new government as they did with the Colombian government, this will, in due time, be followed by full political recognition. This latter form of recognition will be deferred until the government at Panama has taken a more regular form. It is presumed here that the junta will very soon issue a call for a convention which will adopt a constitution and provide for the selection of a President. Then it will be in order for ministers to be appointed between the two countries, the United States and Panama, which will constitute full political recognition of the new State. That condition will enable the conduct of negotiations that may be necessary to the successful execution of the project of the United States for the construction of the isthmian canal, and it is a certainty that existing concessions will not suffer.

Colon, Colombia, By Cable.—General Cuadros, the prefect of Colon, and the senior officer commanding the troops which arrived Tuesday on the gunboat Carthagena from Savanilla, are maintaining their position of refusing to acknowledge the authority of the provisional government of Panama, and the troops still refuse to return to Savanilla. The lives of American residents are threatened. American and foreign families are flocking for shelter to the railroad stations.

Washington, Special.—Vice United States Consul Ehrman, at Panama, cables the State Department under Wednesday's date that the Colombian government warship Bogota is shelling the city. One Chinaman has been killed. Mr. Ehrman has been instructed to protest against the bombardment. If the consul's protest is not sufficient, the commander of the United States War Ship Boston, which is by this time on her way to Panama from San Juan del Sur, 600 miles distant, will promptly seize the Colombian gunboat, if necessary to stop the bombardment.

Cotton Statistics.

Liverpool, By Cable.—Following are the weekly cotton statistics: Total sales of all kinds, 44,000 bales; total sales, American, 34,000; English spinners' takings, 93,000; total exports, 7,000; imports of all kinds, 153,000; imports, American, 141,000; stock of all kinds, 209,000; stock, American, 139,000; quantity afloat, American, 311,000; total sales on speculation, 600; total sales to exporters, 1,500.

News in Brief

It is believed by some that the United States was cognizant of the revolution on the Isthmus of Panama.

The Emperors of Germany and Russia met at Wiesbaden, Germany.

Senator Hanna in an interview said the result in Ohio had not altered his position on the matter of the presidential nomination in 1904.

The Venezuelan Arbitration Commission resumed its sessions at The Hague.

Charles F. Murphy, leader of the Tammany, was said to favor Judge A. B. Parker for the presidency.

Two more members of the Armenian Revolutionary Society were assassinated in London, the murderers then committing suicide.

The anti-Addicks Republicans remained away from the harmony conference called to meet in Dover, Del., to heal the breach in the Republican party in Delaware.

Precious Harnley, a farmer, was drugged, robbed and almost killed by negro women near Richmond.

Sharkey at Jacksonville.

Jacksonville, Special.—Tom Sharkey, who will wrestle with Tom Jenkins for the championship of the world, arrived with his manager from New York. Jenkins has been here in training four days. Final arrangements for the wrestling match will be made at The Times-Union office at 1 o'clock in the afternoon, when a referee will be appointed. The wrestling match for the championship of the world will take place at the Carnival Stadium at 9 o'clock tomorrow night.

Attempted Assassination.

Lexington, Ky., Special.—Twelve shots were fired at Captain Ewen, the star witness in the feud cases recently tried in Breathitt county, as he passed along Walnut street Tuesday night. The shots were fired from a blind alley. One went through his hat and another through the lapel of his coat, but none of them touched him. He was walking along with Judge W. H. Mann, at whose home he is staying, and the judge had just crossed the alley in front of Ewen when the firing began.

Dowie's Last Meeting.

New York, Special.—John Alexander Dowie held his final meeting in New York in Carnegie Hall Sunday night, addressing a sparse audience, which he characterized as "scrawny and miserable." He announced that he had established a branch of his Church in New York, and that in future regular Sunday meetings would be addressed by various authorizers. He also declared that he intended to return in two years at the head of a host 10,000 strong.

Negro Elected.

Omaha, Neb., Special.—Much excitement was caused at the polling booth in the fourth district of the fifth ward by the election judges forcibly ejecting a colored policeman. After the count was completed the judges discovered an error that required revision. The patrolman undertook to force the judges to turn the ballots into the county clerk's office and his interference was resented. A fight followed in which the colored man was thrown forcibly from the booth.

PROMINENT PEOPLE.

Rudyard Kipling is thirty-eight years old.

The Crown Prince of Sweden is to represent King Oscar at the St. Louis fair.

King George of Greece has been appointed an honorary admiral of the British fleet.

Judge Morris Estee died at Honolulu, H. I., from the effects of an operation for kidney disease.

General Miles denied in Seattle, Wash., that he had made large purchases of Texas oil lands.

John D. Rockefeller, Jr., told his Bible class the juggling of corporate wealth recently disclosed is not general.

Baron E. Nordenskjold, of Sweden, has arranged for a zoological and anthropological expedition to the borders of Peru and Bolivia.

Boris Sarafoff, the man who threatened the peace of all Europe by his fomentation of the Balkan troubles, is barely thirty-one years of age.

President Roosevelt has been elected an honorary member of the National Geographical Society, because of his encouragement of exploration.

Bishop Gore, of Worcester, Mass., says he sees no serious argument against cremation, and from a sanitary point of view it has enormous advantages.

The betrothal is announced of Israel Zangwill, the novelist, lecturer and playwright, to Edith, daughter of W. E. and Bertha Ayrton, of London, England.

President Diaz of Mexico, the George Washington of that republic, has reached the age of seventy-three years with vigor only slightly impaired after his long life of unsual activity.

Pietro Mascagni, the famous composer, has accepted the presidency of the Musical Society of Rome. He hopes to create a conservatoire which will eclipse all others in Italy.

The Baby's First Tooth.

It is a funny craze that urges the wearing of baby's first milk-tooth, but this is positively rampant among deeply devoted Parisian mammas. The shedding of the first tooth is most carefully watched for, and afterward this pearly trifle is handed over to the jeweler. He polishes and trims the little tooth until it has all the appearance of a gem, and in a ring it takes the place of a jewel. Some rings are of plain gold, with only the tooth as an ornament, but more often baby's first milk tooth forms the center in a marquise ring of diamonds and a hoop ring has been seen containing five little teeth taking their positions among large diamonds.

CANAL TREATY REJECTED

Thought to Be the Cause of the Revolution.

Panama, Special.—The revolution which occurred Tuesday and which resulted in the proclamation of the independence of the isthmus of Panama was not unexpected. Since Sunday last all kinds of rumors had been in circulation, but it was not until Tuesday night that the hour so long looked forward to by the inhabitants of Panama arrived. For two days previously groups of people had been gathering about the town discussing the situation, which caused alarm upon the part of the authorities, for the houses of Dr. Manual Amador, Jose Arango and Frederico Boyd and other leaders of the popular movement were watched by the police, but the revolutionists fearlessly went in and out of their residences, issued their orders and their plans were carried out.

The revolutionists decided upon 5 p. m. as the hour to proclaim the independence of the isthmus, but a change occurred in their plans and word was sent to Santa Anna, where over 2,000 men had congregated, for the revolutionists to disperse until 7 p. m., but they were already marching towards the Plaza Chiriqui, cheering enthusiastically for the independence of the isthmus. Thereupon signal was given to General Huerta, of the revolutionary forces, who, in the name of the Republic of Panama, arrested General Tovar and his staff and escorted them to police headquarters amidst wild cheering for the new republic, for Dr. Amdor and for the other leaders of the revolution. The flag of the Republic of Panama was then formerly hoisted.

The cause of the revolution may be briefly summed up as being the result of the action of the Congress of Colombia at Begota in rejecting the Hay-Herran canal treaty. The Panamaians are almost to a man in favor of the construction of the canal by the United States, and it had repeatedly been prophesied before and after the meeting of Congress that Panama would secede if the treaty was rejected and would probably come to terms with the United States for the building of the great isthmian gateway.

The revolutionary junto is composed of Jose Augustin Arjano, Frederico Boyd and Tomas Arias, who have charge of the government.

The composition of the provisional cabinet is as follows: Minister of the Government, Eusbis Morales; Minister of Finance, Dr. Manuel Amador; Minister of Foreign Relations, F. V. De La Esprilla; Minister of Justice, Carlos Mendoza; Minister of Public Instruction, N. Victoria; Minister of War and Marine, De Obarrio, Jr.

While Dr. Amador was in conference with government generals, the officer who is in command of the government warship Bogota, sent an ultimatum to the Colombian government, the time to expire at 10 p. m., yesterday, but before receiving an answer the Bogota began a bombardment of Panama. Her fire was answered by the guns of the town forts and by those of the gun-boat Padilla, which had declared in favor of the revolution. Shortly afterwards, the Bogota left the bay, but as she has very little coal on board, she will not be able to go very far. Communication by telegram with Bogota in interrupted.

The Logical Candidate.

Cleveland, O., Special—Senator Hanna, referring to the renewed suggestions made in various quarters to the effect that he is the logical Republican candidate for the presidency next year, as a result of the unprecedented victory in Ohio at Tuesday's election, made this statement: "The result of the election in Ohio Tuesday in no wise changes my opinion in reference to my proposed candidacy for the presidency, of which position the public has been fully advised."

Boy Kills a Man.

Richmond, Va., Special.—A Stuart, Patrick county, Va., special says: "William O'Dell was killed at Liberty Tuesday in a row with some boys one of whom threw a stone, striking O'Dell on the nose with sufficient force to knock him down. O'Dell fell against a log, and broke his neck. The parties concerned were arrested.

Fought to the Death.

Wytheville, Va., Special.—A fatal shooting affray between brothers occurred Wednesday night on Potato Creek, in Grayson county, next to the North Carolina line. The brothers, Ira Halsey and Dick Halsey, had an old grudge. Dick Halsey was seated on his horse, and his brother was standing on the ground when the latter shot twice at Dick without effect. Dick dismounted and the two clinched. Dick was getting the better of the fight when Ira shot him through the heart, killing him instantly. Ira was held for trial.

WILLIAMS IS LEADER

Democratic Minority Makes Nominations For House Offices

THE CAUCUS MET LAST SATURDAY

Representative McClellan Was Given An Ovation—Ex-Democratic Leader Thanked.

Washington, Special.—The Democratic members of the House, in caucus at the capitol, selected Representatives John S. Williams, of Mississippi, as the unanimous choice of the minority for Speaker. This action makes him the minority leader of the coming Congress. Representative George B. McClellan, mayor-elect of New York, received an ovation as he entered the caucus and was congratulated by his colleagues on his victory. By a rising vote, on motion of Mr. Cooper, of Texas, seconded by Mr. Williams, of Mississippi, and a half dozen others, the thanks of the caucus were extended to Mr. Richardson, of Tennessee, the retiring minority leader, for his services to the party. Mr. Richardson responded, thanking his colleagues in turn. Mr. Hay, of Virginia, presided; Messrs. Cowherd, of Missouri, and Smith, of Kentucky, acted as secretaries. Mr. Williams was placed in nomination by Mr. Cooper, of Texas. Mr. Vandiver, of Missouri, seconded the nomination, which was the only one placed before the caucus. The newly-chosen leader responded in an address, thanking the caucus.

Mr. Williams was greeted with applause as he came in and was applauded during the course of his remarks. He said the Democratic party was more united now than it had been for years and that its prospects for success at coming elections were excellent. He said he would be the mouthpiece of the party, the term "leader" being a misnomer for him.

The other nominees of the caucus are as follows: Chas. A. Edwards, of Texas, for clerk of the House; E. V. Brookshire, of Indiana, sergeant-at-arms; A. L. Julien, door-keeper; J. K. Jackson, of Alabama, postmaster; E. G. Bagby, of Virginia, chaplain; J. R. Hill, of Ohio, James English, of California, G. Knight, of Georgia, and Joseph Sinnot, special employes. Except for one of the positions of special employes, there were no contests.

Mr. Williams, of Mississippi, offered a resolution, which was adopted, providing that the Democrats be allowed one more representative on the ways and means committee and that the Democrats be given the same representation they had on committees in the Fifty-sixth Congress.

Mr. Baker, of New York, proposed the following resolution, which was referred to a committee:

"Resolved, That regardless of the practice of the Republicans, it is the sense of the caucus that its members do not accept passes or favors from the railroads."

Nine Bodies Found.

Halifax, N. C., Special.—News of a sea tragedy was brought to this port Sunday by the lighthouse steamer Tyrian, whose captain, on arriving from Sable Island, related that two weeks ago the hull of a schooner with nine decomposed bodies in it drifted ashore on the island. The name of the wrecked craft was made out as Topaz, but the name of her sailing port had been obliterated by the sea, only the first letter "S" remaining. It is believed the ill-fated vessel was the French fishing schooner Topaz, of Saint Malo, France. The bodies were all buried in the little island cemetery with appropriate services.

Operation on German Emperor.

Berlin, By Cable.—Emperor William Sunday underwent an operation for a polypus from his larynx. The operation was performed by Prof. Moritz Schmidt and was entirely successful. The only inconvenience suffered by His Majesty is that he has been enjoined not to speak until the wound caused by the operation has been healded. The bulletins announcing the result of the operation caused much astonishment, even among court officials, who had no suspicion that His Majesty was suffering from any affection of the throat.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits man for business and pleasure—sometimes temporarily, often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints, Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address I. NEWTON HATHAWAY, M.D.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE. CRIME STALKED ABROAD AT NOON DAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACT OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

THE CAUSES OF POLITICAL INTOLERANCE IN OUR STATE.

The Raleigh (Evening) Times commenting on the editorial in our last issue as to why some of our bright young men leave the state says that we gave comfort and evidence to the irresponsible mutterings of a few "jays" and "ingrates."

We did not give comfort to these facts and are surprised that the editor of the Times should wilfully misquote us. We said at the time of writing the article that we did not herald the fact to the world as glad tidings but that it made our heart ache to know that such conditions existed in our State. If the editor of the Times can call that comfort then he has a new definition for the word.

We did not publish these comments from former North Carolinians to cast any slur upon our State, but we placed the blame where it belonged, upon a few moss-back politicians in this State who have brought about the condition of political intoelrance to those who choose to do their own thinking and vote accordingly.

The Times says thousands of young men have left the State for other reasons than political intolerance. This may be true but they were not young men who had political aspirations or have ever reached politieal prominence elsewhere.

This editor would have us believe that no efforts are ever made to present free speech in this State, and even since our last issue we have read in the Greenville Reffector an article which stated in substance that Prof. Bassett of Trinity College should be run out of the State, and Webster's Weekly even went so far as to want to close up Trinity College and ship the whole crowd. We do not receive the South Atlantic Quarterly published at Trinity College by Prof. Bassett and therefore have not read his article on the future of the negro. But we think he has a right to his views and that he should not be run out of the State for expressing them. Free speech is allowed in North Carolina so long as it is in favor of the democratic red-shirt machine, but when any one wishes to say anything to the contrary they stop him if they can. In 1900 many of our speakers were threatened by democrats if they attempted to speak at their appointed places. Some of the speakers were not allowed to get off the train, the speakers stand was pulled from under another. At Dunn the democrats went to the hotel where one of our speakers was stopping battered down his bed-room door entered his room with drawn pistols and ordered him to leave town at once. Didn't the democrats threaten the lives of Ex-Senator Marion Butler and Hon. D. L. Russell if they spoke in Wilmington during the campain of 1900. Didn't the democryts carry over the State shot guns, red-shirts, mean whiskey and rotten eggs for the purpose of terrorizing their opponents and to prevent them from speaking if possible. And still the Times calls men "jays" and "ingrates" unless they are ready to swallow all this and swear that free speech grows on every hedge-row in North Carolina.

The editor of the Times further on in his article said if we tried as hard to find something in the administration of Gov. Aycock that would go to his credit, as we did to de ract from it that our articles would be very excellent and very readable. He further suggested that we might find some good points in the life and public service of Senator Simmons. We have never had anything to say against either of these men personally. But if we had to be dependent upon the good deeds in their public life as the subject for our editorials, we fear we would have to fill our editorial columns with old advertisements and dead reading matter each week.

If the Times will tell us of the great things Senator Simmons and Gov. Aycock have done for North Carolina we will take pleasure in giving spaceto same in this paper, but for our lives we can't think of any of the great things they have done for the State. However they may have the honor for the high taxes, a bankrupt treasury, and for the red-shirt and rotten egg brigade that terrorized this state in '98 and 1900, the fruits of which campaigns we are now reaping in the form of increased crimes of ever kind in the State.

Last week the Isthmus of Panama declared herself independent of the government of Colombia, which had heretofore exercised sovereignty over her. The United States, with an eye to business, recognized the Republic of Panama when it was only three days old. It is almost a sure thing now that we will have the Isthmian Canal. It is more than probable that our government will have to make a new treaty with the new Republic before the canal can be built, but we are more certain of the Panama Canal now than ever before.

The men who purchased the "petrified man" in the western part of the State some months ago have now instituted suit against the man of whom they made the purchase, charging him with obtaining money under false pretense. We thought we would hear another story about the "petrified" man. We would like to know what the Charlotte Observer now has to say on the subject.

When Booker Washington spoke in Raleigh at the colored fair, some of the prominent democrats in this city said that it would pay to have Booker make that speech over North Carolina. If they can secure the services of Booker Washington there should not be any trouble in securing Winston to escort him over the State.

We were sorry to learn Sunday that the lumber plant of Mr. J. S. Basnight, at James City, had been destroyed by fire. Mr. Basnight had been in the lumber business at James City for a number of years and had proven himself a fine business man. We sympathize with him in his great financial loss.

The editor of the Asheville Citizen now denies that a negro paper has been absorbed by the Citizen. But what's the use? The fact remains that he has a negro as associate editor, so what is the difference.

All is fair in love and war—at least that is what the Panama Republic and the United States think.

A Young Woman Kills Her Aged Husband.

Raltimore, Nov. 9.—The case of a young wife killing her aged husband has been unearthed by the authorities of Baltimore county. the tragedy occurred shortly after six o'clock last Thursday evening on a farm about two miles west of Reisterstown. The victim was Michael Smith, a farmer aged 67. He was killed by his wife, Edith Smith, 38 years old. She hit the man over the head with a piece of flooring four feet long during a quarrel. The tragedy occured in the presence of their four children in the yard. After being struck the man fell unconscious, and was put to bed by his wife and children.

Tobacco Sales at Winston.

The Winston manufacturers shipped 2,198,097 pounds of tobacco during October. This is an increase of 61,510 pounds over the same months last year, the shipments for October, 1902, being 2,134,587 pounds.—Union Republican.

Mad Dog Bites Boy And Horse.

Asheboro, N. C., Nov. 3.—Special. A mad dog bit a horse belonging to Mr. Z. A. Lewellyn, who lives four miles southwest of this place, yesterday afternoon. Mr. Lewellyn chased the dog to Asheboro. While going through the streets of the town the dog came in contact with Hugh, a son of Mr. Thos J. Moffit, aged about fourteen years, and bit him severely on the leg and shoulder. The dog escaped.

Many Bills Introduced.

Washington, Nov. 9.—Several hundred bills were introduced in the House today. A statehood bill for New Mexico, introduced by Delegate Rodey, has the distinction of being the first House bill of the Fifty-eighth Congress, and will be No. 1. Representative Bartholdt of Missouri sought this distinction for a bill restoring the army canteen, but was compelled to take second place, and this bill is No. 2.

A bill giving congress the right to regulate trusts was introduced by Palmer.

Representative Sibley of Pennsylvania introduced a bill to increase pay of rural free delivery carriers.

Representative Sulzer of New York introduced bills for the erection of monuments in Washington to Samuel J. Tilden and Amos J. Cummings.

The Senate.

Washington, Nov. 9 —With galleries crowded, with the chamber a mass of elaborate floral tributes and every senator in his seat, the gavel of President Pro Tem. Frye sounded at noon today, calling the Senate together in the second extraordinary session of the fifty-eighth Congress.

The special session of the Senate following the adjournment last spring of the fifty-seventh congress eliminated much of the routine work which otherwise would have been prolonged today.

Senator Hanna's pronounced victory in the Ohio election won for him what was one of the most pretentious floral designs ever seen in the Senate, a shield 3½ by 4½ feet of blue immortelles, in which was wrought out of California grasses, ribbons and red, white and blue immortelles, the design of the Americane eagle indentcial with that on a silver quarter of a dollar. The shield was surmounted with a gorgeous cluster of American beauty roses. The offering bore the inscription: "Senator Hanna from his friends, 'the Irish Democrats' of Cleveland."

Senator Gorman's triumph in the Maryland election was recognized by a large floral tribute which was more than twenty feet in diameter.

Cost of Election in New York City.

We see it stated that the election in New York this week will cost that city not less than $600,000. Inspectors of election will receive $236,000 of the above amount, it is said.—Union Republican.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Save Your Daughter

No. 135 West 66th Street, New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable.

All druggists sell $1.00 bottles Wine of Cardui.

CONGRESS IN EXTRA SESSION.

HON. JOE CANNON ELECTED SPEAKER OF THE HOUSE.

Several Hundred Bills Introduced the First Day of the Session—Beautiful Floral Tributes.

Washington, Nov. 9.—The House of Representatives convened at noon. Today's session was full of interest to the spectator, likewise to the new members; but to the veteran it was but a routine proceeding. The fact that a speaker was to be elected and that this was the first session of a new congress added to the interest that usually attaches to an opening day. Long before the hour of noon, when the gavel fell, the galleries were filled, ladies being largely in the majority. Many more were dissappointed, holders of cards of admission even being among this number.

The floral display in the speaker's lobby was never more elaborate than today.

The Democrats today rallied around a new leader, Mr. John S. Williams of Mississippi having been chosen to take the place of Mr. Richardson of Tennessee, who retired from the leadership of the minority.

The mention of Mr. Cannon's name was received with applause on the Republican side, and the naming of Mr. Williams as the minority candidate was likewise greeted on the Democratic side. Mr. Cannon received 298 votes and Mr. Williams 166, Mr. Cannon being declared duly elected as speaker of the House.

BLACK ROT OF CABBAGE.

The State Biologist Tells the Farmers How to Treat the Disease.

For more than 15 years there has existed in North Carolina a very serious disease of cabbage and other crops of the cabbage family. The annual damage in this State from this disease is probably more than $10,000. Besides cabbage upon which it most frequently operates this disease attacks turnips, kale, cauliflower, mustard, rape, and in fact all crops and weeds of the cabbage tribe

The disease in cabbage is characterized by the outermost leaves of the plants, near the edges, turning first yellow, then brown and finally black. The disease spreads downward into the main stem and through this into the inner leaves of the head. While no plant of the cabbage kind is wholly exempt, those of a loose or spreading habit like the collard are less damaged than those which form close heads, like the flat Dutch type. The disease is very contagious, spreading from plant in the field, . Frequently large patches of cabbage apparently healty one day are found soft and rotten the next. The disease is always most virulent in hot, moist weather.

Cause of the disease. Black rot of the cabbage and other plants of the same family, is caused by a germ or microbe, Bacillus campestris. This germ lives from year to the soil, attacking with increasing virulence successive crops of the cabbage kind, until at length it becomes practically impossible to grow these crops except upon fresh or virgin soil. The germ increases rapidly only during the warmer months of the year, or while the temperature if above 80 F.

Treatment. The treatment for Black rot must be preventitive. Spraying is of no value in this case. Rotation of crops so that no crop of the cabbage family shall come upon the same field oftener than once in three or four years is the first and most essential precaution. The seed bed should be made upon fresh ground each year, or the bed should be burned over as is done for tobacco beds, to kill possible germs in the soil. Cabbage, turnip and all other crops of this family should be grown only during the cooler months, or while the temperature is below 80 F. If only a few scattered plants in field show the characteristic yellowing or blackening of leaves, such plants should be pulled up and burned. Do not throw diseased cabbage leaves or plants upon the manure pile. The germ can live for an indefinite period in the manure, and will be scattered over the fields with the manure. In cultivating a field which contains diseased cabbage or other plants of this family, before going into another field clean all tools carefully and thoroughly to avoiy carrying the germs into fields as yet free from them. Wage a vigorous war against shepherd's purse, pepper grass, and all other weeds of the cabbage family, as these may serve to propagate the disease during years in whic other crops occupy the land.

Except as stated above no particular variety of cabbage is exempt, and no special brand of seed will ensure freedom from the pest.

BACK TO THE DISMAL SWAMP.

Five Thousand Acres Near Norfolk to be Reclaimed for Farms.

Knoxville, Tenn., Nov. 9.—Five thousand acres of Dismal Swamp lands near Norfolk, Va., are to be reclaimed by the Franklin Land and Lumber Company, composed of Ohio men. John B. Lewis, of Somerset, Ky., agent and foreman for the company who passed through Knoxville today says the land was bought originally for its timber, but since it has been cleared, it has been found to be very fertile. The work of ditching and draining the land has been begun already and hundreds of the men are to be put to work. It is the intention of the company to raise all kinds of vegetables and later to engage in cattle raising on an expensive scale.

HEAVY LOSS TO MR. BASNIGHT

His Saw Mill, Dry Kiln and Machine Shop Destroyed by Fire.

New Bern, N. C., Nov. 7th.—Mr. J. S. Basnight, who lives on the west side of Neuse River, in James City, was visited by fire this morning at 5 o'clock, which completely destroyed his saw mill, dry kiln, small machine shop and the entire stock of lumber. His estimate of the loss will probably reach twenty thousand dollars, with a small amount of insurance. The fire is supposed to have originated from sparks flying out of the stack, which fell between the kiln and kiln shed All possible aid was rendered to assist Mr. Basnight in helping his own fire department to extinguish the flames, but the fire conquered them. His residence and two tenant houses were saved.

The friends of Mr. Basnight will regret to hear this. He is a public-spirited citizen, one of the trustees or the Atlantic Christian College at Wilson.

Smallpox in Davidson.

Dr. Joel Hill, county physician for Davidson, reports that there are 40 cases of smallpox in Davidson county at present. Nineteen families are infected, all negroes except three, and the disease entends through seven townships in the upper part of the county and around Yadkin College. So far there have been no deaths. All cases are being quarantined as completely as possible, and vaccination in the infected districts is being made compulsory.—Ex.

WILL INVESTIGATE.

A remarkable case comes to light at Elizabeth, W. Va. An old man there by name of G W Roberts had long suffered with incurable cancer. Everybody believed his case hopeless until he used Electric Bitters and applied Bucklen's Arnica Salve. The treatment cured him completely. Now everybody who knows of it is investigating Electric Bitters. It exerts a mighty power to excel biliousness, Kidney and Liver troubles and it's a wonderful tonic for rundown systems. Don't fail to try it. Only 50c. Satisfaction guaranteed by all Druggists.

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

CONGRESS IN EXTRA SESSION.

HON. JOE CANNON ELECTED SPEAKER OF THE HOUSE.

Several Hundred Bills Introduced the First Day of the Session—Beautiful Floral Tributes.

Washington, Nov. 9.—The House of Representatives convened at noon. Today's session was full of interest to the spectator, likewise to the new members; but to the veteran it was but a routine proceeding. The fact that a speaker was to be elected and that this was the first session of a new congress added to the interest that usually attaches to an opening day. Long before the hour of noon, when the gavel fell, the galleries were filled, ladies being largely in the majority. Many more were dissappointed, holders of cards of admission even being among this number.

The floral display in the speaker's lobby was never more elaborate than today.

The Democrats today rallied around a new leader, Mr. John S. Williams of Mississippi having been chosen to take the place of Mr. Richardson of Tennessee, who retired from the leadership of the minority.

The mention of Mr. Cannon's name was received with applause on the Republican side, and the naming of Mr. Williams as the minority candidate was likewise greeted on the Democratic side. Mr. Cannon received 298 votes and Mr. Williams 166, Mr. Cannon being declared duly elected as speaker of the House.

BLACK ROT OF CABBAGE.

The State Biologist Tells the Farmers How to Treat the Disease.

For more than 15 years there has existed in North Carolina a very serious disease of cabbage and other crops of the cabbage family. The annual damage in this State from this disease is probably more than $10,000. Besides cabbage upon which it most frequently operates this disease attacks turnips, kale, cauliflower, mustard, rape, and in fact all crops and weeds of the cabbage tribe

The disease in cabbage is characterized by the outermost leaves of the plants, near the edges, turning first yellow, then brown and finally black. The disease spreads downward into the main stem and through into the inner leaves of the head. While no plant of the cabbage kind is wholly exempt, those of a loose or spreading habit like the collard are less damaged than those which form close heads, like the flat Dutch type. The disease is very contagious, spreading from plant in the field, . Frequently large patches of cabbage apparently healty one day are found soft and rotten the next. The disease is always most virulent in hot, moist weather.

Cause of the disease. Black rot of the cabbage and other plants of the same family, is caused by a germ or microbe, Bacillus campestris. This germ lives from year to the soil, attacking with increasing virulence successive crops of the cabbage kind, until at length it becomes practically impossible to grow these crops except upon fresh or virgin soil. The germ increases rapidly only during the warmer months of the year, or while the temperature if above 80 F.

Treatment. The treatment for Black rot must be preventitive. Spraying is of no value in this case. Rotation of crops so that no crop of the cabbage family shall come upon the same field oftener than once in three or four years is the first and most essential precaution. The seed bed should be made upon fresh ground each year, or the bed should be burned over as is done for tobacco beds, to kill possible germs in the soil. Cabbage, turnip and all other crops of this family should be grown only during the cooler months, or while the temperature is below 80 F. If only a few scattered plants in field show the characteristic yellowing or blackening of leaves, such plants should be pulled up and burned. Do not throw discarded cabbage leaves or plants upon the manure pile. The germ can live for an indefinite period in the manure, and will be scattered over the fields with the manure. In cultivating a field which contains diseased cabbage or other plants of this family, before going into another field clean all tools carefully and thoroughly to avoiy carrying the germs into fields as yet free from them. Wage a vigorous war against shepherd's purse, pepper grass, and all other weeds of the cabbage family, as these may serve to propagate the disease during years in whic other crops occupy the land.

Except as stated above no particular variety of cabbage is exempt, and no special brand of seed will ensure freedom from the pest.

Biologist, N. C. Dept. Agriculture.

BACK TO THE DISMAL SWAMP.

Five Thousand Acres Near Norfolk to be Reclaimed for Farms.

Knoxville, Tenn., Nov. 9.—Five thousand acres of Dismal Swamp lands near Norfolk, Va., are to be reclaimed by the Franklin Land and Lumber Company, composed of Ohio men. John B. Lewis, of Somerset, Ky., agent and foreman for the company who passed through Knoxville today says the land was bought oiginally for its timber, but since it has been cleared, it has been found to be very fertile. The work of ditching and draining the land has been begun already and hundreds of the men are to be put to work. It is the intention of the company to raise all kinds of vegetables and later to engage in cattle raising on an expensive scale.

HEAVY LOSS TO MR. BASNIGHT

His Saw Mill, Dry Kiln and Machine Shop Destroyed by Fire.

New Bern, N. C., Nov. 7th.—Mr. J. S. Basnight, who lives on the west side of Neuse River, in James City, was visited by fire this morning at 5 o'clock, which completely destroyed his saw mill, dry kiln, small machine shop and the entire stock of lumber. His estimate of the loss will probably reach twenty thousand dollars, with a small amount of insurance. The fire is supposed to have originated from sparks flying out of the stack, which fell between the kiln and kiln shed All possible aid was rendered to assist Mr. Basnight in helping his own fire department to extinguish the flames, but the fire conquered them. His residence and two tenant houses were saved.

The friends of Mr. Basnight will regret to hear this. He is a public-spirited citizen, one of the trustees or the Atlantic Christian College at Wilson.

William Richardson of Selma Wounded by an Unknown Miscreant.

Greenville, N. C., Nov. 19.—To night as the southbound passenger train on this branch of the Coast Line was about a mile below Winterville, this county, some one threw a two inch iron tap through one of the car windows. It struck Mr. William Richardson, of Selma, one of the passengers on the head, wounding him quite severely. Mr. Richardson stopped at Ayden, the next station where he received medical attention.

Mother

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

A Ripans Tabule taken occasionally will keep the body clean within, resulting in a healthy and pleasing appearance without.

It is a good sensible plan to keep the body up to the high water mark of good health all the time.

The person who uses Ripans Tabules feels good all the time, they regulate the bowels and keep the stomach in good condition, and when the stomach digests the food properly, the chances of getting sick are lessened.

The little five cent cartons hold ten doses and they are convenient to carry.

An Involved Decision.

The magistrates of Fremantle, the principal port of Western Australia, have given a new and interesting decision in reference to stowaways. Five of these free trippers were brought to the bar and fined three pounds each. Of course, they had not the wherewithal to pay, and the prosecuting lawyer asked for the alternative imposition of imprisonment. But the magistrates declined, unless the captain of the steamship would guarantee the cost of the maintenance of the men in jail. This he naturally refused to do, whereupon the stoways were set free. The magistrates stated that stowaways are punished in the interests of shipping companies, and therefore these latter should bear the cost. They also expressed the opinion that vessels should be more diligently searched for stowaways before leaving port. The present practice of allowing crowds of friends of passengers to remain on board until almost the last minute facilitated the operations of stowaways.—London Daily Chronicle.

The French Recruits.

The number of recruits accepted for the French army for 1904 is only 196,000, against 233,000 for 1903, although the difference in the number of men on the lists is not more than 500. The decrease of 37,000 is due to a more rigorous examination of the conscripts.

Curse Seems to Hold Good.

A recent drowning at Biddeford, Me., recalls the old legend of the curse put upon the Saco river by the Indian squaw whose papoose was thrown from one of the cliffs in "The Narrows," by white men who wanted to see if it could swim. That curse was, as the legend has it, that no year should pass without at least three white victims of the river. There have already been two this summer.

Lack of food on the snowclad hills drove a wild deer into a suburb of Vienna. It was chased and died of fright.

Mrs. L. C. Glover, Vice Pres. Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using **Lydia E. Pinkham's Vegetable Compound.**

"DEAR MRS. PINKHAM: I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed a testimonial of a woman who had been cured of similar trouble through the use of **Lydia E. Pinkham's Vegetable Compound,** he went out and bought a bottle for me. I used your medicine for three and one half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to **Lydia E. Pinkham's Vegetable Compound.** Yours very sincerely, MRS. L. C. GLOVER, 614 Grove St., Milwaukee, Wis." Vice President, Milwaukee Business Woman's Ass'n.

Women should not fail to profit by the experience of these two women; just as surely as they were cured of the troubles enumerated in their letters, just so certainly will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

An Indiana Lady Tells of a Wonderful Cure:—

"DEAR MRS. PINKHAM: It is a pleasure for me to write and tell what your wonderful medicine has done for me. I was sick for three years with change of life, and my physician thought a cancerous condition of the womb. During these three years I suffered untold agony.

"I cannot find words in which to express my bad feelings. I did not expect to ever see another well day. I read some of the testimonials recomending your medicine and decided to write to you and give your treatment a trial.

"Before I had taken half a bottle of **Lydia E. Pinkham's Vegetable Compound,** I began to sleep. I have taken now six bottles and am so well I can do all kinds of work."—MRS. LIZZIE HINKLE, Salem, Ind.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America can speak from a wider experience in treating female ills. Address is Lynn, Mass.; her advice is free and always helpful.

$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

WORTHY of a higher recommendation than I can find words to express."

This is what Mr. J. H. Plangman (of Sherman, Tex.) says of Doan's Kidney Pills. He tells his experience in the following words: He says, "Sometime in September I was taken with a dull aching pain across the small of my back, directly over the kidneys. I paid small attention to this at first, thinking it would pass off. But instead of getting better it became worse and in a short time the pain centered through my left hip and down my left leg as far as the knee." This is precisely what kidney trouble will do with the body.

It does not always show itself at first, but appears just in this way, when some unusual movement or action brings sharp pains and exhaustive aches, telling of sick kidneys.

So Mr. Plangman's experience bore this out. Continuing, he says: "I did not know the cause of the trouble, but I am led to believe now that it was first brought about by jumping in and out of the wagon and in some way I may have strained my back.

"I was constantly growing worse," he continues, "and I became very much alarmed about my condition. I knew that something had to be done or serious results were sure to follow. I went to a specialist here in Sherman, and underwent a rigid examination."

Then he relates how the doctor told him that it was a serious case, but that he could cure him for fifty dollars. However, necessity knows no law and Mr. Plangman paid half down and took the treatment and followed it faithfully for four weeks.

Naturally, he thought that he would soon be rid of the trouble, but in spite of the doctoring he goes on to add, "I was in such misery that it was almost impossible for me to do my work."

"It was at this juncture that Doan's Kidney Pills came to my notice and I procured some from the drug store of C. E. Craycroft. I used these pills according to directions and to my surprise I was considerably relieved on the second day and in a short time completely cured."

. . . . . .

This is the universal experience of those who have been sufferers from Kidney trouble and who have been fortunate enough to test the merits of Doan's Kidney Pills.

There is nothing wonderful or magical about this remedy, it simply does the work by direct action on the kidneys. Doan's Kidney Pills are for the kidneys only and this accounts for their speedy and certain action.

Early indications of kidney trouble come from two sources, the back and the bladder. The back becomes weak and lame because the kidneys are sick, and relief from backache can only be complete when the kidneys are set right.

Irritation of the bladder shows that the kidneys are out of order. Delay in prompt attention often causes serious complication.

Relieve and cure sick kidneys and ward off dangerous diabetes, dreaded dropsy and Bright's disease, by using Doan's Kidney Pills.

They begin by healing the delicate membranes and reducing any inflammation of the kidneys, and thus making the action of the kidneys regular and natural.

Aching backs are eased. Hip, back, and loin pains overcome. Swelling of the limbs, rheumatism and dropsy signs vanish.

They correct urine with brick-dust sediment, high-colored, excessive, pain in passing, dribbling, frequency. Doan's Kidney Pills dissolve and remove calculi and gravel. Relieve heart palpitation, sleeplessness, headache, nervousness.

KEPT HIS DESK CLEAR.

Here is the Secret of One Man's Success in Life.

Railroad circles, as well as a large portion of the general public, were greatly interested in the resignation of W. A. Garrett from the general superintendency of the Philadelphia & Reading railroad a few months ago, to assume a more important position with the Queen & Crescent road. Mr. Garrett's rise in the railroad world has been phenomenal, but one little story which he himself told to a neighbor hints at a secret of it all.

"When I first went into the railroad business as a young man," said Mr. Garrett, "I was called aside by one the clerks, who said to me: 'Now, Garrett, let me give you tip. You want always to keep your desk littered with papers, so that when the old man comes around he will think you're terribly busy. Then he won't pile any more work on you.' Well," continued Mr. Garrett, "I made up my mind, that contrary to this man's advice, I would always keep my desk cleared. And I have done so."

To-day Mr. Garrett is getting a salary of $12,000 a year, while his clerkly counselor is still drawing $60 a month and wondering why luck is against him.—Philadelphia Press.

A Delicious Jam. — Cut in halves and seed two pounds of fine raisins, simmer them slowly for an hour in a quart of water. Pick seven pounds of currants and allow them to cook till they break. Add the juices of two oranges and a half a lemon, chop the pulp and peel very fine and put with the fruit, adding the raisins and six pounds of sugar. Boil to a jam and put up in glasses. This preserve makes a delicious relish to serve with cold meats.

The bow of promise is never seen while we are looking down.

Aggregated Many Years.

A somewhat noteworthy gathering took place recently at the home of Mrs. Helen L. Russell in Wilton, N. H. Including the three inmates of the home the party numbered twelve. With no design at all as to ages a birthday book was calculated. The dates surprised us into a little calculation which revealed the fact that the aggregate age was 898 years.

A Natural Curiosity.

A Brunswick, Me., man displays a curious growth found by him on a tree in that town which, thus far, no one has been able to classify. It consists of a hollow, egg-shaped piece of wood about the size of a football and of wood one-fourth of an inch thick. Its formation on a tree in such a peculiar shape is a matter of much comment by all who have seen it.

RIPANS TABULES

Ripans Tabules are the best dyspepsia medicine ever made. A hundred millions of them have been sold in the United States in a single year. Every illness arising from a disordered stomach is relieved or cured by their use. So common is it that diseases originate from the stomach it may be safely asserted there is no condition of ill health that will not be benefited or cured by the occasional use of Ripans Tabules. Physicians know them and speak highly of them. All druggists sell them. The five-cent package is enough for an ordinary occasion, and the Family Bottle, sixty cents, contains a household supply for a year. One generally gives relief within twenty minutes.

We Parted in Silence.

We parted in silence, we parted by night,
On the banks of that lonely river,
Where the fragrant limes their boughs unite,
We met—and we parted forever.
The night-bird sang, and the stars above
Told many a touching story
Of friends long passed to the kingdom of love,
Where the soul wears its mantle of glory.

We parted in silence—our cheeks were wet
With the tears that were past controlling;
We vowed we would never, no, never forget,
And those vows at the time were consoling;
But those lips that echoed the sounds of mine
Are as cold as that lonely river;
And that eye, that beautiful spirit's shrine,
Has shrouded its fires forever.

And now on the midnight sky I look,
And my heart grows full of weeping;
Each star is to me a sealed book,
Some tale of that loved one keeping.
We parted in silence, we parted in tears,
On the banks of that lonely river;
But the odor and bloom of those bygone years
Shall hang o'er its waters forever.
